## *Company Profile*

### Who are Sticks and Stones?

Established in 2010 Corlea Bardsley started Sticks and Stones.

Corlea holds a Landscape Design Certificate with ISGD as well as various courses in botany and landscape design. Currently enrolled at the Royal Horticultural Society of the UK since 2014, Corlea is studying to achieve a Masters Degree in Horticulture through distance learning over the next few years, and has achieved a Certificate in Principles of Plant Growth, Propagation and Development, with commendation.

Corlea and her team have extensive knowledge in both indigenous and exotic flora, this teamed with a natural aesthetic flair enables the team to create gardens that maintain well, look good and are as cost effective as possible.

With the above in place, Corlea is able to bring her passion and knowledge forward to her clients creating beautiful spaces, landscapes and designs.

### The Sticks and Stones Team

Currently Sticks and stones employs 21 full time gardeners as part of their team with most of them having been in the employ of Sticks and Stones since inception.

Corlea and her team work closely with one another as well as their clients in terms of maintaining the exceptionally high standards expected by Sticks and Stones clients

We are currently a level 3 BEE contributor and has 100% B-BBEE procurement recognition.

## Exciting projects and accolades

In September 2016 Sticks and Stones installed a Herb and Vegetable garden for the Exec chefs of RMB. These gardens are maintained by Sticks and Stones on a daily basis.

It has created great excitement for the Exec Chefs, and has been instrumental in cutting food costs as well as maintaining their high standards with regard to food served.

Sticks and Stones featured in an Article written by Michael Judd for French News Online with specific reference to the Waste not Want not program. An accolade that was received with great pride as it truly represents the ability of the Sticks and Stones Team.

## What value can Sticks and Stones bring to clients?

Sticks and Stones offers the following services:

Walking the property daily with the maintenance teams to ensure that all areas are well kept, free of litter, and healthy

A Garden maintenance team who will maintain current gardens and newly installed gardens

A New installations team who will install gardens as per new designs using mainly existing plants

An operations team who will make compost, chip wood, grow annuals as well as recycle rubbish found in gardens.

The Sticks and Stones team is passionate about delivering exceptionally high levels of customer service, being completely hands on and simply creating beautiful spaces.

We are looking forward to hearing from you soon.

Assuring you of our best attention at all times.

Kind regards,

Corlea Bardsley
